

August 2019

Dear Parent/Carer

To comply with GDPR the school has an obligation to ensure the security and accuracy of information held in school. In order to do this we will ask you every year to check the data we hold on our School Information Management System (SIMS).

We recently launched the SIMS ParentApp, which provides parents with an online portal to access their existing core data and make change requests as and when needed via a smartphone/tablet/PC.

In September, we will send you an activation email; click on the link contained in the email from your smartphone/tablet/PC to activate your account. You can then login using your normal Facebook, Twitter, Google or Microsoft username and password.

From your smartphone or tablet download the app from the Google Play or Apple App store – search for SIMS Parent.

From a PC or Windows phone login online at www.sims-parent.co.uk

Please note that your activation email is unique to you and should not be used by anyone else. Your activation email will expire after 14 days if it is not used, please contact the school if you require a replacement after this date.

If you would prefer not to use the SIMS Parent App we can provide you with a paper copy of your child's Data Collection Sheet. Please contact the school office to request this.
