

June 2019

Dear Parent/Carer

In order to develop the relationships and confidence of the learners in Cohort 7, we would like to take the whole of Cohort 7 for a day of outdoor activities at Danbury Outdoors on Tuesday 24th September. The opportunities and challenges your child will experience are an integral part of our Learning Session 5 programme which has been carefully designed to develop the learning attributes fundamental to our curriculum. The day will also provide learners with a different environment in which to continue to build even stronger relationships.

During their day, the children will take part in activities designed to develop collaboration, trust and critical thinking. It is also a great way for the learning groups to come together as a group. The cost of the trip is £39. Please can we ask that you return the consent slip by Friday 6th September along with the payment. We are able to accept cash, cheques or our preferred method, Parentpay.

ParentPay will be available for you to make your payment from the beginning of the autumn term. You will receive an Activation letter for ParentPay during the summer break. Could we please ask that payment towards the trip is not made before the start of term, Wednesday 4th September.

The school is insured through Zurich Travel Assistance for its legal liability for any accident or injury to the learner or their property, but accepts no responsibility for any loss or injury where there is no negligence and covers such areas as medical expenses, personal accident, loss of money, loss of baggage, etc. The amounts involved are small but cover all school trips. Details can be seen in school but parents may like to check their own policies for cover of children and, if necessary, take out further insurance. The school and visit leader cannot take responsibility for any loss or damage to mobile phones, mp3 players or any similar equipment that your youngster chooses to take on any school trip.

Please do not hesitate to contact me directly on amartin@honywoodschool.com should there be any concerns prior to this visit.

Yours sincerely

Alice Martin
Cohort Leader C7
